state. We consider that the ground surfaces of basements which are used as work rooms should be concreted, for as in this instance, the smells emanating from putrid matter in the holes and defective joints of granite stones must be injurious to the health of the workers. Sing In Lane needs repaying or better still concreting, as it is evident on all sides that granite is unsuitable for back-yards and lanes. The law against cubicles on ground floors is everywhere evaded by substituting curtains which shut out light and air almost as effectually as the former wooden partitions, and we direct the area

tion of the Sanitary Board to this matter. Sida Walks-The public side walks throughout the Colony should be surfaced. The condition of those in First Street and almost every other street we visited is hardly a creditable example for Government to set to the surrounding landlords.
